The training Institute aims to provide trained qualified. Technical personnel in the field of paramedical science education programme is to ensure that educational opportunities for developed at skills. The emphasis of the paramedical science education programme is one getting examples in government or in private sector and developing a cadre of small entrepreneurs, especially from amongst girls, women, SCs, STs, Rural youth as well so this programme conceived as "Total employment training for total development" Focuses on the concept of turning the unskilled to the skilled.

About RIMS Med

Ultrasound Paramedical Courses have been Affiliated to Aryabhata Knowledge University (Govt. of Bihar) with the academics since its beginning Dr. P.K. Tiwari with Patna Institute of Nursing & Para Medical Science .

The institute aims to provide trained, qualified, technical personnel in the field of paramedical science to support the medical profession All type of courses available **ULTRASOUND PARAMEDICAL COURSES** with all Relates Courses inside this link - Our Courses

The emphasis of the paramedical science education programme is on getting employed in government or in private sector and developing a cadre of small entrepreneurs, especially from amongst girls, women, sc/st and rural youth as well. So, this programme conceived as "Total employment training for total development", fo-cuses on the concept of turning the unskilled to the skilled. In this respect it is pertinent to note that the society today is the doorstep of a global challenge. As a nation we have gone ahead in may respects. But there are still areas, which demand attention, care and concern. The area identified by our think tank is "Global standards in paramedical education and training".

Chairman's Message

DR. PK TIWARI
Chairman

To build an excellent health education training and research institute with a charitable medical institute, where all the facilities for free and very low cost check-up, treatment and health check-up can be provided.

Mission

Excellent Health Education Training and Research Institute is to be built along with the Charitable Medical Institute, where all the facilities for health checkup can be availed at a considerable cost.

Vision

In the training and research institute run by our institute, children of all sections of the society have to be given degrees with training in health education at low cost, so that they can become self-reliant and do something for the benefit of themselves and the society.
